

Construction and Finish

1. The Box Series Aluminum Planters are constructed of ASTM B-209 5052-H32 grade Aluminum. Planters are fabricated using .090, .190, and .250 thicknesses.
2. Planters are coated with an exterior grade polyester powder coat finish, available in standard stock and non-standard stock RAL colors. Marine grade finish can be provided for an upcharge per unit.
3. Planters are manufactured with a minimum 1" lip and standard 1", 1.5", or 2" drain holes or no drain holes.

Pricing

1. Unit price based on designer specified dimensions and US Aluminum prices. Contact Form and Fiber for individual pricing for your project.
2. Pricing may vary, based on thickness and reinforcement requirements.

Powder Coat Colors

1. Standard F&F stock powder coat colors are offered in satin and matte finishes as noted.
2. Non-standard stock RAL colors and metallics are available and may require an additional up-charge per unit.

F&F Standard Stock Powder Coat Colors
