FF LOUNGER SERIES

FF_LOUNGE_3 + FF_LOUNGE_6 PLACED IN "L" CONFIGURATION

FF_LOUNGE_3

FF_LOUNGE_6

CONSTRUCTION

1. The FF Lounger Series is constructed of a steel powder coated base with a 4" thick wood post seat.
2. Both Ipe and Cumaru wood options are available. Manufacturer will also consider optional use of different wood species as specified by Designer, depending on availability of dimensional lumber sizing and sourcing.
3. All units have adjustable glides.

DESIGN CONSIDERATION

1. Benches are not designed to take impact to edges from skateboards or similar activities. Form and Fiber does not warranty benches against such types of impact.
2. Caution should be given to placement and exposure to urban activities.

POWDER COAT FINISH

1. Standard F&F stock powder coat colors are offered in satin and matte finishes as noted.
2. Non-standard stock RAL colors and metallics are available and may

POWDER COAT STANDARD STOCK COLORS
